

CONSTRUCTION

ROAD RAZOR
ECO™

DRILLING | TRENCHING | ROAD REHABILITATION

The ultimate in road-milling is

ECO™

Our unique body design delivers the road-rehabilitation industry's most ECONomical and ECOlogical results!

The new shape of productivity.

**WHEN TIME
IS MONEY,
SPEED
IS EVERYTHING**

Simply, we listened.

YOU demanded a road-milling tool that would **greatly reduce** your operating costs while delivering *ultimate performance*.

Presenting

Road Razor ECO™

...the new *shape* of road-construction productivity!

Its design is different to work differently than any tool ever available in the industry. Its unique and sleek proprietary shape, with maximum hardness throughout the entire head area, makes cutting easier and is far less resistant to extreme wear and friction – enabling you to run **longer and faster*** than ever before thought possible...making it your **ECOnomically** superior choice!

Because you can now get your work done faster, your machines absorb far less abuse and can consume **less fuel***...making it your **ECOlological** tool, too!

Bottom line: Our Road Razor ECO™ delivers an unmatched combination of ultimate service life, efficiency, and productivity!

*Field-proven using **YOUR** machines, in **YOUR** applications, and at **YOUR** job sites!

YOU choose which way to go...

**Go faster.
Run longer.
Save fuel.**

Road Razor ECO™

enables you to *optimize* your
road-construction operations!

The tool that works for YOU – and the enviro

Road Razor ECO™

Our newly designed and enhanced retainers are now made of a thicker material that provides exceptional fit and rotation throughout the life of the tool!

ECO delivers:

- Lower operating costs!
- Less fuel consumption!
- More uptime and performance!

	Category	Item	Order Number	Collar (mm)	Washer	P
						300mm - 60
Gold	Road Razor ECO	RX1-01	4071237	34,2	•	•
	Road Razor ECO	RX2-01	4046816	34,2	•	•

	Road Razor ECO	RX4-01	3968163	34,2	•	
	Road Razor ECO	RX5-01	4074786	34,2	•	

Environment.

Now the industry's best carbide grades and proprietary point designs are even better – resulting in far less cracking and longer service life...no matter how abrasive your asphalt application!

Kennametal's unique and revolutionary shape – with maximum and consistent head hardness – yields unparalleled performance and service...so you can go faster, go longer, AND also have the option of using less horsepower (while still improving performance), thus reducing fuel consumption and machine emissions!
